DETAILED ACTION

This office action is responsive to an RCE AMENDMENT entered April 16, 2008 for the patent application 09919193

The Office Action of Oct 17, 2007 is fully incorporated into this Office Action by reference.

Status of Claims

Claims 1-10 and 19 are pending. Claims 1, 6, 7, 9, 10 have been amended

Response to Arguments

Applicant's cooperation is appreciated.

In re pg. 7, the objections of claims 1, 7, and 9 have been withdrawn. However, claim 10 is remain objected because the parentheses have not been deleted.

In re pg. 7, Applicant's amendment and arguments have overcome the 112 2nd rejections of claims 1-5.

In re pgs. 12-14, Applicant's arguments with respect to 102(b) rejection of claims 1-10, 19 under online press article have been considered and persuasive. The rejection has been withdrawn. However, a request of information is made in view of the arguments. See below.

Claim Rejections - 35 USC § 102

Claims 1-10, 19 are rejected under 35 U.S.C. 102(e) as being anticipated by Smith et al (US 7171647) as set forth in the previous office action for reason of record.

Response to Arguments

In re pg. 8-12, Applicant's 131 declarations and arguments have been fully considered but are not persuasive.

In response, 131 is used to show prior invention, not common inventorship (See MPEP 706.02). A fully executed 132 should be used to show the reference is not by "another". The rejection would be withdrawn upon receiving proper 132 declaration.

Requirement For Information - 37 C.F.R. § 1.105

Applicant and Assignee of this application are required under 37 C.F.R. 1.105 to provide the following that the Examiner has determined is reasonably necessary to the examination of this application.

The Examiner's prior art search revealed a system called "MooD" and "Witness" published by the assignee of this application in an online press maybe applied as 102(b) reference, which are not disclosed in the IDS.

In response to this requirement, please provide:

1. A copy of user's manual of MooD and "Witness" that was released prior to Aug 01, 2000 (i.e. 102(b) date).
2. Any publication describing MooD and "Witness".

This request is made in view of the prosecution history with arguments made by Applicant with prior art provided and will assist in determining whether uncovered references and commercially available products might constitute prior art against specific claims pending in the application.

The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 C.F.R. 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained will be accepted as a complete reply to the requirement for that item.

The fee and certification requirements of 37 C.F.R. 1.97 are waived for those documents submitted in reply to this requirement. This waiver extends only to those documents within the scope of this requirement under 37 C.F.R. 1.105 that are included in the applicant's first complete communication responding to this requirement. Any supplemental replies subsequent to the first communication responding to this requirement and any information disclosures beyond the scope of this requirement under 37 C.F.R. 1.105 are subject to the fee and certification requirements of 37 C.F.R. 1.97.
